Your declaration herein below, as confirmed by your registered medical practitioner (in the event of private members) or yourself (in the event of joining as part of an employer group within 3 months after becoming eligible for membership), is accepted by NHP in good faith and is material to your admission as a member and must be answered truthfully and with full disclosure of any relevant conditions.

Failure to disclose any conditions, whether intentionally or unintentionally, which manifested or originated from the causes prior to admission as a member, or within 120 days from the date of such admission ("the underwriting review period"), will at the sole discretion of the NHP, be met with the following consequences:

1. *If NHP, in its sole discretion believes any condition for which benefits claimed during the underwriting period, may have existed or originated before commencement of membership, benefits will be on hold until submission of such proof.*
2. *If the member cannot prove beyond reasonable doubt that such medical condition was not present at the time of commencement of membership, then NHP, at its sole discretion, reserves the right to withhold benefits relating to the treatment required.*
